Mr. A. M. Manly,

Newark, 20
N. J.,

Dear Mr. Manley:-

I have a new idea and its wonderful, but we must keep it confidential until we can work it out, or forget it.

After the All Star Game here Agg. 5th. I am interested in getting North Carolina and South Carolina Day worked up some where up that way on Sunday.

I don't care to work with the Jews, again for they made too much money off of me. Let's get to-gether and take this game to Newark this year, late in August or second Sunday in September, it will draw 15,000 people in your Park.

I will bring a Club up there that will give any League Club trouble and play my South's Stars against your Club. I have the boys in line now. I am willing to take a gamble with you on the Gate. I will have men who can play ball; dress well, in first class condition.

We should fill the Stadium, let me hear from you quick, and if you are not interested I have another City in mind. Another party is writing me but I don't care to do business with him.

Answer quick,
